

## **Editorial Statement**

After consultation with the present editorial board and with the unanimous accord of the latter as well as of the publishers it was been decided to transfer the managing editorship of *Expositiones Mathematicae* to Professor Robert Dalang, Lausanne, starting January 2001. This transfer was necessitated by the retirement from active service in 2000 of the previous managing editor S. D. Chatterji, Lausanne. Both the undersigned wish to underline the fact that this change in managing editorship does not signify any fundamental change in the basic objective of *Expositiones Mathematicae* which remains: exposition of high level mathematics to a wide mathematical audience. However, it has been decided to bring out four issues each year (instead of five) starting 2001; this appears to be better suited to our journal.

Our motto remains unchanged: *Mehr Licht*
